1989 EDITORIAL INDEX

TITLE: ISSUE:

AIR POLLUTION CONTROL

Chicago Sludge Now Speed Dried ..... Jan.
Detoxified Hazardous Waste Becomes Useful ..... Jan.
Solution Is No Pollution at Arvin Industries ..... Jan.
Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Biological Monitoring of Metal Exposure ..... Jan.
Safer Fills Emergency Response Needs ..... Feb.
High Hazard Pollutants: Asbestos, PCBs, Dioxins ..... Feb.
Where Do You Turn for Regulatory Information ..... Feb.
The Worker with Chemical Hypersensitivity ..... Feb.
Permitting Waste-to-Energy Facilities ..... Feb.
Pollution Control Development in Europe ..... Feb.
Shredding Helps EPA Burn Site ..... Mar.
New Method for Smelting Lead ..... Mar.
Printers Use Regenerative Fume Incinerators ..... Mar.
CHMR's Hands-on Approach to Hazmat Training ..... Mar.
Estimating the Quality of Environmental Data ..... Mar.
Selecting a Mobile Pollution Control Contractor ..... Mar.
Municipal Odor Problem Solved ..... Apr.
Thermal Oxidation System Captures Solvent Fumes ..... Apr.
Mobile, Transportable and Package Treatment Systems ..... Apr.
Choosing a Hazardous Waste Disposer ..... Apr.
Assessing the Risks of Air Emissions ..... Apr.
Groundwater Contamination Issues: Roundtable ..... Apr.
Limestone Injection, Electrostatic Precipitator Aid ..... May
Successful Treatment of Contaminated Groundwater ..... May
Regenerative Oxidation System Solves Plant Pollution ..... May
General Dynamics Eliminates 40 Million Lb of Haz Waste ..... May
New Catalytic Process Curbs NOX Emissions ..... May
College Grabs Hold of Environment in Mountains ..... June
Air Toxics: Prevention and Mitigation ..... June
Test Your Land for Radon Before You Buy or Build ..... June
Asbestos Hazard Management ..... June
Dealing with Flammable Liquid Vapor ..... June
AAEE Competition Winners ..... June
Infectious Waste Incinerator Retrofit ..... June
Practical Flare Sizing ..... June
Biological Monitoring of Solvent Exposure ..... June
The Radon Issue: A Special Staff Report ..... June
Remediation Through Groundwater Recovery and Treatment ..... July
Special Report: Respiratory Protection ..... July
Status of Contaminated Soil/Sediment Cleanup Criteria ..... July
The Anderson Power Cycle ..... July
NASA Uses Regenerative Thermal Oxidizer ..... Aug.
Mechanical Seal Use Increasing in Air/Gas Blowers ..... Aug.
Paint Spray Booth Problems Minimized ..... Aug.
The Plastics Waste Problem ..... Aug.
On-Site Incineration as a Remedial Action Alternative ..... Aug.
Infectious Waste Management ..... Aug.
Cost-estimating Spreadsheet for Pollution Equipment ..... Aug.
Saving Money When Replacing Filters ..... Sep.
Assessments, Audits and Analysis ..... Sep.
Who Pays the Price for Environmental Pollution ..... Sep.
Vapor Monitoring of Leaks ..... Sep.
Thermal Treatment Tech. for Haz Wastes ..... Oct.
Medical Waste Strategy ..... Oct.
Wood-Gas Fuels Generator to Make Electricity ..... Oct.
Wet Scrubber, Dry End Product ..... Nov.
International Preacquisition Questionnaire ..... Nov.
Thermal Remediation Industry ..... Nov.
Easy Way to Monitor Air Infiltration ..... Nov.
Clean Air/Water and Dirty Dancing ..... Nov.
Hetron Resins Used in Odor Abatment Project ..... Nov.
Spill and Leak Detection, Containment & Response ..... Dec.

COMPUTERS & SOFTWARE

Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Biological Monitoring of Metal Exposure ..... Jan.
Safer Fills Emergency Response Needs ..... Feb.
High Hazard Poilutants: Asbestos, PCBs, Dioxins ..... Feb.
Managing Emergency Response Liability ..... Feb.
Permitting Waste-to-Energy Facilities ..... Feb.
Pollution Control Development in Europe ..... Feb.
CHMR's Hands-on Approach to Hazmat Training ..... Mar.
Water and Wastewater Treatment Fundamentals/Innovations ..... Mar.
Polymer Flocculation of Fine Particles, Part I ..... Mar.
Estimating the Quality of Environmental Data ..... Mar.
Selecting a Mobile Pollution Control Contractor ..... Mar.
ICEAS Wastewater Plant Begins Operation ..... Apr.
Mobile, Transportable and Package Treatment Systems ..... Apr.
Groundwater Contamination Issues: Roundtable ..... Apr.
General Dynamics Eliminates 40 Million Lb of Haz Waste ..... May
College Grabs Hold of Environment in Mountains ..... June
Air Toxics: Prevention and Mitigation ..... June
AAEE Competition Winners ..... June
Groundwater Investigation and Monitoring ..... July
Soil Gas Surveys: Part 2/Procedures ..... Aug.
Cost-estimating Spreadsheet for Pollution Equipment ..... Aug.
Performance Guaranteed or You Don't Pay ..... Sep.
Wastewater Facility Relies on Software ..... Oct.
Thermal Treatment Tech. for Haz Wastes ..... Oct.
Solar Destruction of Organic Haz Wastes ..... Oct.
Sludge Management ..... Nov.
International Preacquisition Questionnaire ..... Nov.
Thermal Remediation Industry ..... Nov.
Computerization Cited in EPA Award ..... Nov.
Spill and Leak Detection, Containment & Response ..... Dec.
Oil Spills at Sea ..... Dec.
Are You an SQG? ..... Dec.

GROUNDWATER

Detoxified Hazardous Waste Becomes Useful ..... Jan.
Urethane Liner Restores Flyash Pond ..... Jan.
Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Biological Monitoring of Metal Exposure ..... Jan.
Safer Fills Emergency Response Needs ..... Feb.
Prairie Plan Proves Problem-Solver ..... Feb.
High Hazard Pollutants: Asbestos, PCBs, Dioxins ..... Feb.
The Times Beach Trial ..... Feb.
Where Do You Turn for Regulatory Information ..... Feb.
Permitting Waste-to-Energy Facilities ..... Feb.
Pollution Control Development in Europe ..... Feb.
CHMR's Hands-on Approach to Hazmat Training ..... Mar.
Estimating the Quality of Environmental Data ..... Mar.
Selecting a Mobile Pollution Control Contractor ..... Mar.
Choosing a Hazardous Waste Disposer ..... Apr.
Groundwater Contamination Issues: Roundtable ..... Apr.
Successful Treatment of Contaminated Groundwater ..... May
Vast Tailings Impoundment Lined ..... May
General Dynamics Eliminates 40 Million Lb of Haz Waste ..... May
Oil Spills and Oily Wastes ..... May
College Grabs Hold of Environment in Mountains ..... June
Test Your Land for Radon Before You Buy or Build ..... June
AAEE Competition Winners ..... June
Excavation-free Hazardous Waste Treatment ..... July
Biological Remediation of Groundwater ..... July

Groundwater Investigation and Monitoring ..... July
Remediation Through Groundwater Recovery and Treatment ..... July
Soil Gas Survey: Part I ..... July
Status of Contaminated Soil/Sediment Cleanup Criteria ..... July
On-site Incineration as a Remedial Action Alternative ..... Aug.
Infectious Waste Management ..... Aug.
Soil Gas Surveys: Part 2/Procedures ..... Aug.
Cost-estimating Spreadsheet for Pollution Equipment ..... Aug.
New Field Application of Bioremediation ..... Sep.
Double Membrane Lining Protects Landfill ..... Sep.
Management of Wastewater Solids ..... Sep.
Assessments, Audits and Analysis ..... Sep.
Who Pays the Price for Environmental Pollution ..... Sep.
Vapor Monitoring of Leaks ..... Sep.
Thermal Treatment Tech. for Haz Wastes ..... Oct.
Pilot Bioremediation Tells All About Soil ..... Oct.
Sludge Management ..... Nov.
International Preacquisition Questionnaire ..... Nov.
Thermal Remediation Industry ..... Nov.
Shell Oil Installs Fuel Storage Tank ..... Nov.
Clean Air/Water and Dirty Dancing ..... Nov.
Spill and Leak Detection, Containment & Response ..... Dec.
Are You an SQG? ..... Dec.
New Infiltrometer for Checking Landfill Liners ..... Dec.

HAZARDOUS MATERIALS & WASTES

Detoxified Hazardous Waste Becomes Useful ..... Jan.
Urethane Liner Restores Flyash Pond ..... Jan.
Solution Is No Pollution at Arvin Industries ..... Jan.
Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Biological Monitoring of Metal Exposure ..... Jan.
Undercover Bugs Take Bite from Paper Mill Effluent ..... Feb.
Safer Fills Emergency Response Needs ..... Feb.
High Hazard Pollutants: Asbestos, PCBs, Dioxins ..... Feb.
The Times Beach Trial ..... Feb.
Managing Emergency Response Liability ..... Feb.
Where Do You Turn for Regulatory Information ..... Feb.
The Worker with Chemical Hypersensitivity ..... Feb.
Permitting Waste-to-Energy Facilities ..... Feb.
Pollution Control Development in Europe ..... Feb.
Shredding Helps EPA Burn Site ..... Mar.
New Method for Smelting Lead ..... Mar.
Wastewater Alternatives to Municipal Sewerage ..... Mar.
Printers Use Regenerative Fume Incinerators ..... Mar.
Hazwaste Reduction Using Organic Polymers ..... Mar.
CHMR's Hands-on Approach to Hazmat Training ..... Mar.
Estimating the Quality of Environmental Data ..... Mar.
Selecting a Mobile Pollution Control Contractor ..... Mar.
Thermal Oxidation System Captures Solvent Fumes ..... Apr.
Oil/Water Separators Capture Chemical Spills ..... Apr.
Mobile, Transportable and Package Treatment Systems ..... Apr.
Choosing a Hazardous Waste Disposer ..... Apr.
Assessing the Risks of Air Emissions ..... Apr.
Groundwater Contamination Issues: Roundtable ..... Apr.
Successful Treatment of Contaminated Groundwater ..... May
Regenerative Oxidation System Solves Plant Pollution ..... May
Vast Tailings Impoundment Lined ..... May
Risky Business: PCB Transformers ..... May
General Dynamics Eliminates 40 Million Lb of Haz Waste ..... May
Biological Treatment of Hazardous Wastes ..... May
Oil Spills and Oily Wastes ..... May
New Twist to Oil/Water Separation ..... May
College Grabs Hold of Environment in Mountains ..... June
Air Toxics: Prevention and Mitigation ..... June
Test Your Land for Radon Before You Buy or Build ..... June
Asbestos Hazard Management ..... June
Dealing with Flammable Liquid Vapor ..... June
AAEE Competition Winners ..... June
Infectious Waste Incinerator Retrofit ..... June
Practical Flare Sizing ..... June
Biological Monitoring of Solvent Exposure ..... June
The Radon Issue: A Special Staff Report ..... June
Excavation-free Hazardous Waste Treatment ..... July
Biological Remediation of Groundwater ..... July
Groundwater Investigation and Monitoring ..... July
Remediation Through Groundwater Recovery and Treatment ..... July
Special Report: Respiratory Protection ..... July
Soil Gas Survey: Part I ..... July
Status of Contaminated Soil/Sediment Cleanup Criteria ..... July
The Anderson Power Cycle ..... July
NASA Uses Regenerative Thermal Oxidizer ..... Aug.
Mechanical Seal Use Increasing in Air/Gas Blowers ..... Aug.
Paint Spray Booth Problems Minimized ..... Aug.
The Plastics Waste Problem ..... Aug.
On-site Incineration as a Remedial Action Alternative ..... Aug.
Infectious Waste Management ..... Aug.
Soil Gas Surveys: Part 2/Procedures ..... Aug.
Cost-estimating Spreadsheet for Pollution Equipment ..... Aug.
New Field Application of Bioremediation ..... Sep.
Transformer Leak Decontamination and Encapsulation ..... Sep.
Double Membrane Lining Protects Landfill ..... Sep.
Hot Water Used for Alaskan Spill Cleanup ..... Sep.
Assessments, Audits and Analysis ..... Sep.
Who Pays the Price for Environmental Pollution ..... Sep.
Vapor Monitoring of Leaks ..... Sep.
Thermal Treatment Tech. for Haz Wastes ..... Oct.
Solar Destruction of Organic Haz Wastes ..... Oct.
Medical Waste Strategy ..... Oct.
Pilot Bioremediation Tells All About Soil ..... Oct.
Sludge Management ..... Nov.
International Preacquisition Questionnaire ..... Nov.
Thermal Remediation Industry ..... Nov.
Easy Way to Monitor Air Infiltration ..... Nov.
Shell Oil Installs Fuel Storage Tank ..... Nov.
Giant Sewer Cleaning Project Readies City ..... Nov.
Spill and Leak Detection, Containment & Response ..... Dec.
Oil Spills at Sea ..... Dec.
Are You an SQG? ..... Dec.
New Infiltrometer for Checking Landfill Liners ..... Dec.

INCINERATION

Chicago Sludge Now Speed Dried ..... Jan.
Detoxified Hazardous Waste Becomes Useful ..... Jan.
Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Safer Fills Emergency Response Needs ..... Feb.
High Hazard Pollutants: Asbestos, PCBs, Dioxins ..... Feb.
Where Do You Turn for Regulatory Information ..... Feb.
Permitting Waste-to-Energy Facilities ..... Feb.
Pollution Control Development in Europe ..... Feb.
Shredding Helps EPA Burn Site ..... Mar.
New Method for Smelting Lead ..... Mar.
Printers Use Regenerative Fume Incinerators ..... Mar.
CHMR's Hands-on Approach to Hazmat Training ..... Mar.
Water and Wastewater Treatment Fundamentals/Innovations ..... Mar.
Estimating the Quality of Environmental Data ..... Mar.
Selecting a Mobile Pollution Control Contractor ..... Mar.
Thermal Oxidation System Captures Solvent Fumes ..... Apr.
Mobile, Transportable and Package Treatment Systems ..... Apr.
Choosing a Hazardous Waste Disposer ..... Apr.
Assessing the Risks of Air Emissions ..... Apr.
Groundwater Contamination Issues: Roundtable ..... Apr.
Successful Treatment of Contaminated Groundwater ..... May
Regenerative Oxidation System Solves Plant Pollution ..... May
General Dynamics Eliminates 40 Million Lb of Haz Waste ..... May
Oil Spills and Oily Wastes ..... May
New Catalytic Process Curbs NOX Emissions ..... May

College Grabs Hold of Environment in Mountains ..... June
Air Toxics: Prevention and Mitigation ..... June
AAEE Competition Winners ..... June
Infectious Waste Incinerator Retrofit ..... June
Practical Flare Sizing ..... June
Excavation-free Hazardous Waste Treatment ..... July
Remediation Through Groundwater Recovery and Treatment ..... July
Status of Contaminated Soil/Sediment Cleanup Criteria ..... July
The Anderson Power Cycle ..... July
NASA Uses Regenerative Thermal Oxidizer ..... Aug.
Mechanical Seal Use Increasing in Air/Gas Blowers ..... Aug.
The Plastics Waste Problem ..... Aug.
On-site Incineration as a Remedial Action Alternative ..... Aug.
Infectious Waste Management ..... Aug.
Cost-estimating Spreadsheet for Pollution Equipment ..... Aug.
Assessments, Audits and Analysis ..... Sep.
Who Pays the Price for Environmental Pollution ..... Sep.
New Use for Old Tires ..... Oct.
Thermal Treatment Tech. for Haz Wastes ..... Oct.
Solar Destruction of Organic Haz Wastes ..... Oct.
Medical Waste Strategy ..... Oct.
Wood-Gas Fuels Generator to Make Electricity ..... Oct.
Sludge Management ..... Nov.
International Preacquisition Questionnaire ..... Nov.
Thermal Remediation Industry ..... Nov.
Spill and Leak Detection, Containment & Response ..... Dec.
Oil Spills at Sea ..... Dec.
Are You an SQG? ..... Dec.

INSTRUMENTATION

Detoxified Hazardous Waste Becomes Useful ..... Jan.
Peachtree Opens Door to Water Treatment ..... Jan.
Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Biological Monitoring of Metal Exposure ..... Jan.
Undercover Bugs Take Bite from Paper Mill Effluent ..... Feb.
Safer Fills Emergency Response Needs ..... Feb.
Prairie Plan Proves Problem-Solver ..... Feb.
High Hazard Pollutants: Asbestos, PCBs, Dioxins ..... Feb.
The Times Beach Trial ..... Feb.
Managing Emergency Response Liability ..... Feb.
Where Do You Turn for Regulatory Information ..... Feb.
The Worker with Chemical Hypersensitivity ..... Feb.
Permitting Waste-to-Energy Facilities ..... Feb.
Pollution Control Development in Europe ..... Feb.
Shredding Helps EPA Burn Site ..... Mar.
New Method for Smelting Lead ..... Mar.
Printers Use Regenerative Fume Incinerators ..... Mar.
Hazwaste Reduction Using Organic Polymers ..... Mar.
CHMR's Hands-on Approach to Hazmat Training ..... Mar.
Water and Wastewater Treatment Fundamentals/Innovations ..... Mar.
Polymer Flocculation of Fine Particles, Part I ..... Mar.
Estimating the Quality of Environmental Data ..... Mar.
Selecting a Mobile Pollution Control Contractor ..... Mar.
Municipal Odor Problem Solved ..... Apr.
ICEAS Wastewater Plant Begins Operation ..... Apr.
Thermal Oxidation System Captures Solvent Fumes ..... Apr.
Mobile, Transportable and Package Treatment Systems ..... Apr.
Assessing the Risks of Air Emissions ..... Apr.
Groundwater Contamination Issues: Roundtable ..... Apr.
Plant Has New Polymer Feeding/Blending System ..... May
Successful Treatment of Contaminated Groundwater ..... May
Regenerative Oxidation System Solves Plant Pollution ..... May
Cleanup System Restores Burbank Drinking Water ..... May
Vast Tailings Impoundment Lined ..... May
General Dynamics Eliminates 40 Million Lb of Haz Waste ..... May
Biological Treatment of Hazardous Wastes ..... May
Oil Spills and Oily Wastes ..... May
San Antonio Increases Wastewater Capacity ..... June
Redesigned Jumbo Microsieve Saves Millions ..... June
College Grabs Hold of Environment in Mountains ..... June
Process Removes Nitrogen and Phosphorus Simultaneously ..... June
Air Toxics: Prevention and Mitigation ..... June
Test Your Land for Radon Before You Buy or Build ..... June
Asbestos Hazard Management ..... June
AAEE Competition Winners ..... June
Infectious Waste Incinerator Retrofit ..... June
Practical Flare Sizing ..... June
Biological Monitoring of Solvent Exposure ..... June
The Radon Issue: A Special Staff Report ..... June
Excavation-free Hazardous Waste Treatment ..... July
Ultraviolet/Oxidation Destroys Organic Pollutants ..... July
Groundwater Investigation and Monitoring ..... July
Remediation Through Groundwater Recovery and Treatment ..... July
Special Report: Respiratory Protection ..... July
Soil Gas Survey: Part 1 ..... July
Status of Contaminated Soil/Sediment Cleanup Criteria ..... July
The Anderson Power Cycle ..... July
NASA Uses Regenerative Thermal Oxidizer ..... Aug.
On-site Incineration as a Remedial Action Alternative ..... Aug.
Soil Gas Surveys: Part 2/Procedures ..... Aug.
Cost-estimating Spreadsheet for Pollution Equipment ..... Aug.
Mini Porta-Feed Chemical Handling System ..... Sep.
Performance Guaranteed or You Don't Pay ..... Sep.
Saving Money When Replacing Filters ..... Sep.
New Field Application of Bioremediation ..... Sep.
Management of Wastewater Solids ..... Sep.
Specialty Treatment Chemicals for Pulp & Paper ..... Sep.
Vapor Monitoring of Leaks ..... Sep.
Wastewater Facility Relies on Software ..... Oct.
Thermal Treatment Tech. for Haz Wastes ..... Oct.
Solar Destruction of Organic Haz Wastes ..... Oct.
Medical Waste Strategy ..... Oct.
Wood-Gas Fuels Generator to Make Electricity ..... Oct.
Pilot Bioremediation Tells All About Soil ..... Oct.
Solutions to Foam Problems ..... Oct.
Sludge Management ..... Nov.
Wet Scrubber, Dry End Product ..... Nov.
International Preacquisition Questionnaire ..... Nov.
Thermal Remediation Industry ..... Nov.
Easy Way to Monitor Air Infiltration ..... Nov.
Shell Oil Installs Fuel Storage Tank ..... Nov.
Giant Sewer Cleaning Project Readies City ..... Nov.
Computerization Cited in EPA Award ..... Nov.
Media Removes Organics from Water ..... Nov.
Clean Air/Water and Dirty Dancing ..... Nov.
Hetron Resins Used in Odor Abatment Project ..... Nov.
Spill and Leak Detection, Containment & Response ..... Dec.
Oil Spills at Sea ..... Dec.
Are You an SQG? ..... Dec.
New Infiltrometer for Checking Landfill Liners ..... Dec.

PUMPS, PIPE AND VALVES

Diaphragm Pumps Cut Costs for Recycling Company ..... Jan.
Chicago Sludge Now Speed Dried ..... Jan.
Detoxified Hazardous Waste Becomes Useful ..... Jan.
Urethane Liner Restores Flyash Pond ..... Jan.
Peachtree Opens Door to Water Treatment ..... Jan.
Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
How to Select a Lamella Clarifier ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Biological Monitoring of Metal Exposure ..... Jan.
Undercover Bugs Take Bite from Paper Mill Effluent ..... Feb.
Prairie Plan Proves Problem-Solver ..... Feb.
Permitting Waste-to-Energy Facilities ..... Feb.
Pollution Control Development in Europe ..... Feb.
New Method for Smelting Lead ..... Mar.

Submersible Sewage Pumps Are Prime Choice ..... Mar.
Vinyl Ester Resins Save the Day for Tank Construction ..... Mar.
Wastewater Alternatives to Municipal Sewerage ..... Mar.
Progressive Water Treatment Saves Costly Scale Buildup ..... Mar.
Hazwaste Reduction Using Organic Polymers ..... Mar.
Water and Wastewater Treatment Fundamentals/Innovations ..... Mar.
Polymer Flocculation of Fine Particles, Part I ..... Mar.
Selecting a Mobile Pollution Control Contractor ..... Mar.
Municipal Odor Problem Solved ..... Apr.
ICEAS Wastewater Plant Begins Operation ..... Apr.
Oil/Water Separators Capture Chemical Spills ..... Apr.
Mobile, Transportable and Package Treatment Systems ..... Apr.
Polymer Flocculation of Fine Particulates, Part II ..... Apr.
Groundwater Contamination Issues: Roundtable ..... Apr.
Plant Has New Polymer Feeding/Blending System ..... May
Successful Treatment of Contaminated Groundwater ..... May
Regenerative Oxidation System Solves Plant Pollution ..... May
Cleanup System Restores Burbank Drinking Water ..... May
Vast Tailings Impoundment Lined ..... May
General Dynamics Eliminates 40 Million Lb of Haz Waste ..... May
Biological Treatment of Hazardous Wastes ..... May
Oil Spills and Oily Wastes ..... May
New Twist to Oil/Water Separation ..... May
Thermoplastic Piping: Advantages and Limitations ..... May
New Catalytic Process Curbs NOX Emissions ..... May
San Antonio Increases Wastewater Capacity ..... June
Redesigned Jumbo Microsieve Saves Millions ..... June
Process Removes Nitrogen and Phosphorus Simultaneously ..... June
Asbestos Hazard Management ..... June
AAEE Competition Winners ..... June
Infectious Waste Incinerator Retrofit ..... June
Practical Flare Sizing ..... June
Biological Monitoring of Solvent Exposure ..... June
Biological Remediation of Groundwater ..... July
Ultraviolet/Oxidation Destroys Organic Pollutants ..... July
Groundwater Investigation and Monitoring ..... July
Remediation Through Groundwater Recovery and Treatment ..... July
The Anderson Power Cycle ..... July
Mechanical Seal Use Increasing in Air/Gas Blowers ..... Aug.
Paint Spray Booth Problems Minimized ..... Aug.
Ozone Used as Microflocculant ..... Aug.
Cost-estimating Spreadsheet for Pollution Equipment ..... Aug.
Mini Porta-Feed Chemical Handling System ..... Sep.
Performance Guaranteed or You Don't Pay ..... Sep.
Hot Water Used for Alaskan Spill Cleanup ..... Sep.
Pipeline Pigging—An Important Tail ..... Sep.
Management of Wastewater Solids ..... Sep.
Specialty Treatment Chemicals for Pulp & Paper ..... Sep.
Vapor Monitoring of Leaks ..... Sep.
Plant Closes Surface Impoundments ..... Oct.
Biodegradation Completes Demonstration ..... Oct.
Wastewater Facility Relies on Software ..... Oct.
Solar Destruction of Organic Haz Wastes ..... Oct.
Pilot Bioremediation Tells All About Soil ..... Oct.
Solutions to Foam Problems ..... Oct.
Sludge Management ..... Nov.
Wet Scrubber, Dry End Product ..... Nov.
International Preacquisition Questionnaire ..... Nov.
Thermal Remediation Industry ..... Nov.
Shell Oil Installs Fuel Storage Tank ..... Nov.
Giant Sewer Cleaning Project Readies City ..... Nov.
Computerization Cited in EPA Award ..... Nov.
Media Removes Organics from Water ..... Nov.
Clean Air/Water and Dirty Dancing ..... Nov.
Hetron Resins Used in Odor Abatment Project ..... Nov.
Spill and Leak Detection, Containment & Response ..... Dec.
Oil Spills at Sea ..... Dec.
Are You an SQG? ..... Dec.

SAFETY & INDUSTRIAL HYGIENE

Chicago Sludge Now Speed Dried ..... Jan.
Detoxified Hazardous Waste Becomes Useful ..... Jan.
Solution Is No Pollution at Arvin Industries ..... Jan.
Environmental Software Review ..... Jan.
Environmental Audits Can Protect You ..... Jan.
Back to Basics: Successful Compliance Inspections ..... Jan.
Training Requirements of Environmental Compliance ..... Jan.
Biological Monitoring of Metal Exposure ..... Jan.
Safer Fills Emergency Response Needs ..... Feb.
High Hazard Pollutants: Asbestos, PCBs, Dioxins ..... Feb.
